[LEARN MORE >](#)

IDEABOOK / To inspire is to transform. Explore our ideabooks for design inspiration and the latest collections and products.

[LEARN MORE >](#)

SOUND ADVISOR® by Patcraft is a tool that allows you to hear the effect that flooring has on impact sound. Select your flooring construction and floor covering and hear the difference to help you reach your desired IIC rating.

[LEARN MORE >](#)

MOISTURE / Understanding moisture concerns of a subfloor early can save time and resources. From adhesives to rolled barriers to padded backings and sealers, we have a variety of solutions to prevent and solve moisture issues.

[LEARN MORE >](#)

RESILIENT LIFECYCLE / Our resilient products can cost up to half as much as typical VCT or other products requiring polish over the life of the floor. Use our cost calculator to compare the life cycle cost with other products.

[LEARN MORE >](#)

INSTALLATION / Proper installation and maintenance is key to maximizing your carpet's long-term performance.

[LEARN MORE >](#)

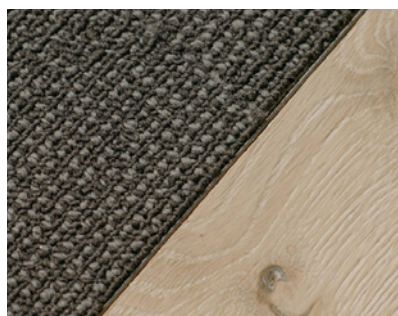

CARPET MAINTENANCE / A good carpet maintenance plan will include some basic steps for regular preventive maintenance and for regular cleaning. Consult our carpet maintenance guidelines.

[LEARN MORE >](#)

RESILIENT MAINTENANCE / Keep your resilient floors looking — and performing — their best with regular cleaning and maintenance.

[LEARN MORE >](#)

WARRANTIES / Learn about our limited lifetime warranties for our products and accessories.

[LEARN MORE >](#)

MINDFUL MATERIALS /

Search for our products on the Mindful Materials Library searchable database of architectural building products.

[LEARN MORE >](#)

LEED CERTIFIED /

Patcraft commercial carpet can contribute to LEED V4 across several credit categories.

[LEARN MORE >](#)

WELL BUILDING /

Many of our products and solutions support the principles of Well Building standards.

[LEARN MORE >](#)

CRADLE TO CRADLE CERTIFIED™ /

Nearly 90 percent of the products we manufacture are Cradle to Cradle Certified™ Silver, the highest level of sustainability.

[LEARN MORE >](#)

HDP DECLARATION /

The Health Product Declaration (HPD) provides a consistent and transparent reporting method for raw material ingredients and associated health hazards for building products.

[LEARN MORE >](#)

RECYCLING & RECLAMATION /

Learn about our commercial take-back programs that recycle and reuses carpet at the end of its useful life.
